

JUNE 2026

Home Sweet Home: Wrapping Up an Unforgettable Year!

Dear Lakeshore Road Elementary Families,
As the sun sets on another incredible school year, my heart is filled with immense gratitude. This year has been a journey of transition, flexibility, and growth, and I could not be prouder of how our community came together.

First and foremost, **we are absolutely thrilled to finally be back together under one roof!** There is nothing quite like the energy of our entire school community sharing the same space, and it has made the closing weeks of the year incredibly special.

Bringing us to this point truly took a village, and we owe a massive debt of gratitude to our wonderful neighbors. A huge, heartfelt thank you goes out to **Cicero Elementary** and **Gillette Road Middle School** for opening their doors, hosting our students and staff, and making us feel so welcome during our time apart.

To Our Amazing Families: Thank You!

We know that renovation transitions come with disruptions, schedule tweaks, and plenty of patience. Your unwavering support, understanding, and flexibility throughout this process meant the world to our staff. You trusted us with your children during a time of change, and your partnership is what kept us moving forward.

I feel deeply blessed every day to be a part of the Lakeshore Road Elementary community. Our students have shown incredible resilience, our staff has worked tirelessly, and you—our families—have been our biggest cheerleaders.

Celebrating the Finish Line

We aren't just crossing the finish line this June; we are celebrating across it! To reward our students for their hard work and adaptability, we will be wrapping up the month with **special fun days for students across all grade levels.** Keep an eye out for specific dates and details from your child's teacher so we can send them into summer with big smiles.

Thank you again for an unforgettable year. Enjoy the beautiful June days ahead, and let's finish this school year Lakeshore-strong!

Please mark your calendars: September 2 we are planning to have our Back to School Bash 5:30 - 7:00.

With deep gratitude,
~Mrs. Chmielewski
