# SCHOOLTOOL

New York State's market-leading Student Management System (SMS), SchoolTool™, is getting a major facelift in 2022. See below for details on our largest UI update ever!

Why update the look of SchoolTool?

- Visual updates rooted in real user feedback

- Modernized user interface following current best practices and standards

- Improved accessibility for all users per Web Content Accessibility Guidelines

- Greater consistency in elements and colors throughout SchoolTool

BEFORE

AFTER

What changes will you see?

FONT & TAB UPDATES

- Increased text spacing and sizing throughout SchoolTool to improve readability

- Menu tabs have been moved to the left side of the screen for better visibility
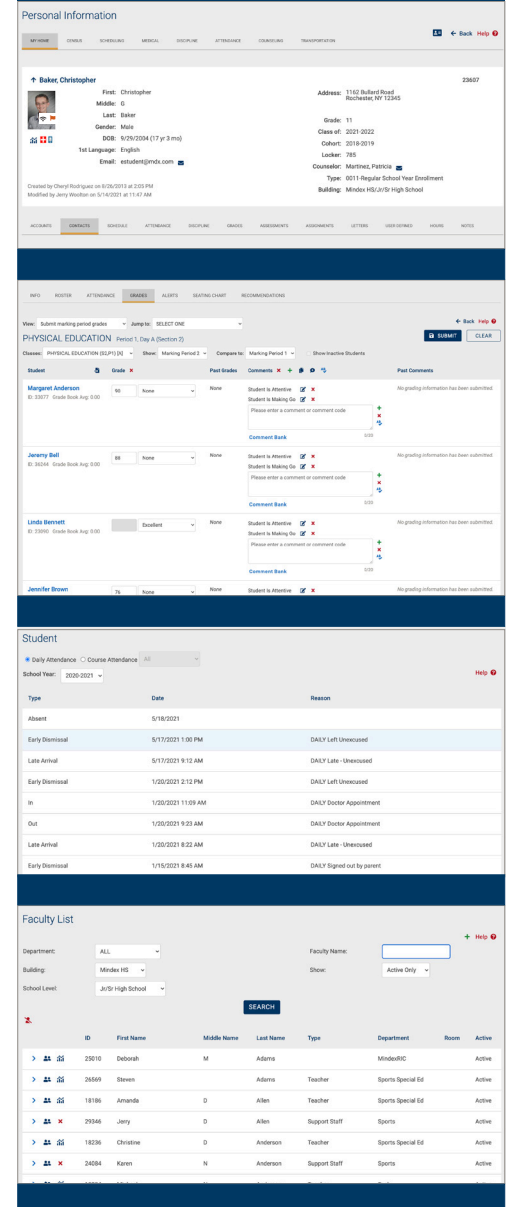

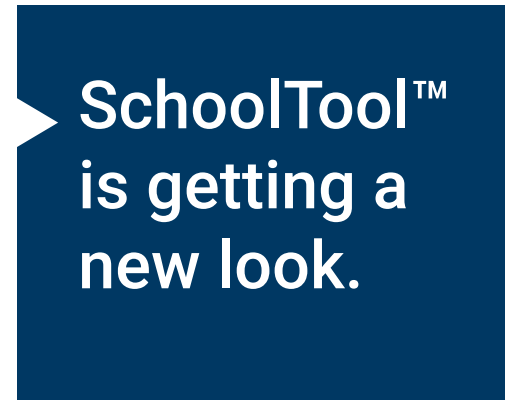

TABLE & FORM UPDATES

- Increased spacing and sizing for easier use and legibility on all tables and input fields

- Updated button styles and added more visual feedback to users when hovering or clicking on elements

COLOR UPDATES

- Gold-colored backgrounds removed from tabs and tables to reduce visual distraction

- Light gray background added throughout to reduce eye fatigue

ICON UPDATES

- Image-based icons replaced with an icon font that allows responsive resizing

- Increased size and color change on hover to show which icons are clickable

- Where needed, icons replaced with more appropriate representations

SchoolTool™ is getting a new look.
