

Good morning students and parents and welcome to North Syracuse Junior High School! We hope your student(s) had a great first day back to school!

We wanted to keep parents and students informed of a change in procedure we will be implementing immediately in our cafeterias.

As with many things in this time of Covid we are having to adjust how we operate to find a balance between safety, our student's needs, and the needs of the school. Starting today in lunches students will begin using "QR codes" to log where they sit in the cafeterias. This simple procedure will allow students to quickly record where they are sitting should contact tracing ever be needed due to a possible Covid exposure.

Students may use their personal cell phone (at all other times cell phones should remain in lockers), school provided Chromebook, or a staff member provided device to scan a "QR code" on the table where they are sitting. This code will link the student to a google document that will ask their name, their lunch time, and what table they are sitting at. This information is then logged should contact tracing ever be needed.

Should you have any questions regarding this procedure please feel free to contact the Junior High Main Office at 218-3600.
